The Riga Photography Biennial (RPB)

This will be the inaugural year for the Riga Photography Biennial, an international contemporary art event. Conceptually, the Biennial will focus on geopolitical issues specific to the Baltic, Nordic and Eastern European regions – memories, dreams, reality.

Numerous exhibitions will take place under the wing of the Biennial in the cities of Riga, Jūrmala and Kuldīga: the Riga Art Space, the Latvian Museum of Photography, the Latvian Centre for Contemporary Art, the “Alma” art gallery, “Art Station Dubulti”, the Kuldīga Art House, public spaces throughout Riga, and elsewhere. A major event of the Biennial will be an interdisciplinary symposium in which participants will speak, analyze and discuss the role of photography in a post-digital era. The Biennial will also bring attention to young artists with the presentation of the award titled “Look For the New In Photography!”
